List of projects funded by MNI in 2025

31 December 2025

- MNI Strategic Objective 1 (SO1): Raising the importance of medical nutrition in the care pathway
- MNI Strategic Objective 2 (SO2): Safeguarding and enhancing patient access of medical nutrition in the European Union
- MNI Strategic Objective 3 (SO3): Ensuring the proper clinical use of medical nutrition

Organisation	Project	Description	Amount	State-of-play	MNI Strategic Objective (SO)
ENHA – European Nutrition for Health Alliance	EU4Nutrition Conference	The EU4Nutrition Plenary Session will contribute to better-informed decision makers, having nutritional care on the EU agenda during the 2024-2029 mandate and connecting the EU and local level through a Pan-European approach to support implementation.	€31.000	Completed	SO1
ENHA – European Nutrition for Health Alliance	Malnutrition Awareness Week (MAW)	The EU4MAW is a full week with virtual and live activities focusing on European-level policies and initiatives on DRM and clinical nutrition. In the run-up to this week, ENHA will host three online preparatory workshops with >15 countries and EU-level organisations to exchange and develop EU MAW actions and content.	€39.000	Completed	SO1
European Palliative Care Research Centre (PRC)	MyPath Nutritional Care Pathway (NCP)	Funded by the EU's Horizon Europe programme, the MyPath research project will develop a novel digital solution, MyPath, consisting of electronic patient-centred care pathways – custom-made for each individual patient, including real-time communication of symptoms and care preferences. The MyPath project includes the Nutrition Care Pathway (NCP) - a digital solution designed to enhance nutritional care in cancer patients, and it aims at facilitating necessary clinical changes to routinely assess and address nutrition in all patients. This is done through an integration of knowledge with IT developed support.	€20.000	Launch completed Other activities ongoing	
ESPEN – European Society for Clinical Nutrition and Metabolism	Malnutrition Awareness Week (MAW) Webinar	Organisation of a Webinar – during ESPEN Malnutrition Awareness Week 2025, running from 10 to 14 November 2025 – in collaboration with the European Geriatrics Medicine Society (EuGMS). The Webinar will have a duration of one and a half hour.	€3.000	Completed	SO1

ESPEN – European Society for Clinical Nutrition and Metabolism	ESPEN Guidelines' Application: inclusion of the ESPEN Guideline on Micronutrients and Application (App) dissemination activities	This project intends to integrate the micronutrients guideline into the ESPEN App	€11.424	Completed	SO3
ESPEN – European Society for Clinical Nutrition and Metabolism	ESPEN Symposium 2025 Nutritional care in chronic kidney disease November 30th - December 1st 2025, UPPSALA, SWEDEN	Gold sponsorship	€5.000	Completed	SO3
